

South East District Fall Fire School
September 12, 2010
Tea High School – Tea, SD

Class 1 - **FARM EQUIPMENT EXTRICATION** – 6 hrs – Class limit of 20 students – All students must have full PPE and eye protection. Instructor is Russ Heggen from the Canton FD.

This class will provide EMT accredited hours. This class provides information and procedures for rescue/extrication of victims of farm equipment entrapment.

Class 2 – **GRAIN BIN ENTRAPMENT** – 6 hrs – Class limit of 30 students – Coveralls or wild land PPE will be adequate with hand, eye, hearing and head protection – NO loose or torn clothing – lace up boots and dust masks recommended. Instructor is Paul Schrek with Grain Elevator and Processing Society Education Program Committee, and FF/EMT with the Mitchell FD.

This class will review the hazards of flowing grain, victim survivability, how to access and free a victim, how to enter a bin safely, pre-planning at local grain facilities, hands on evolution and demo of the rescue tubes and what if you don't have a rescue tube? The class will involve basic ropes and knots, so refresh your skills prior to the class.

Class 3 – **BASIC AIRCRAFT EMERGENCY PROCEDURES AND SAFETY** – 6 hrs – No class size limit – All students must have full PPE – Instructors are Brett Miller from the Tea FD and Brook Dempsey from the Renner FD.

This class will provide students with the basic essentials to operate safely and effectively at the scene of an aircraft emergency. The class will also give the students basic knowledge of properly landing and loading of an ALS helicopter.

Class 4 – **SCBA BASIC CONFIDENCE COURSE** – 6 hrs – No class size limit – All students must have full PPE and SCBA – Instructors are Rick Baker, Tom Berens, and Scott Reiland from the Tea FD.

This class will provide firefighters detailed knowledge of their SCBA, obtain confidence in the operations of their SCBA, and renew their respect for basic firefighting skills.

Class 5 – **BACK TO THE BASICS OF VENTILATION** – 6 hrs – No class size limit – All students must have full PPE – Instructors are Grant VanRiesen and Bob Venard from the Tea FD.

This class will provide students knowledge of basic essentials to operate safely and effectively while performing ventilation procedures when utilizing power tools, hand tools, ladders, etc.

Class 6 – **AIR/GAS MONITORING OPERATIONS** – 3 hrs (morning session only) – No class size limit - Students need to bring their departments' monitoring equipment – Instructor is Todd Lowe from Sioux Falls Fire Rescue.

This class will provide information to calibrate your monitor, understand the monitor's readings, how to effectively use it at a fire scene, or other incidents where it could be utilized to help save lives.

Class 7 – **PRACTICAL TESTING** – 3 hrs (morning session only) **Students must be minimum of 18 years of age.** Full structural PPE and SCBA are required. An evaluation team will be available for firefighters needing to complete the practical exercise portion for their SD Certified Firefighter Certification. Students **must bring** their completed Student Attendance Card (Blue Card) from their certified firefighter course with them and provide it to the evaluation team.

Class 8 – **FIRE DEBRIS EVIDENCE COLLECTION AND PRESERVATION** – 3 hrs (afternoon session only) – No class size limit – Instructor is Tom Smith – Fire Debris Analyst with SD Division of Criminal Investigations Forensic Laboratory. This class will provide information and procedures of protecting, collecting, preserving, and submitting fire debris evidence for analysis.

Class 9 – **FIRE OFFICERS ROUNDTABLE** – 3 hrs (afternoon session only) – No class size limit – SD State Fire Marshal Allen Christie, SD Fire Fighters Past President LeRoy Koopman, will host a roundtable discussion to address your fire related concerns.

Class 10 – **AUXILIARY ROUNDTABLE** (Bring your ideas) – morning session
